The Team Unity Government wishes to inform the public that Phase 1 of its Poverty Alleviation Programme has started. The Poverty Alleviation Programme seeks to provide financial support of EC\$500 per month to households with a total gross monthly income below EC\$3,000.

On Wednesday, August 1st, 2018, we launched the data gathering exercise that will be collecting important information from persons who are applying for this \$500 monthly support. This exercise is expected to conclude on Wednesday, August 15th, 2018. We expect that the exercise will commence in Nevis after the Culturama celebrations.

The application process is very simple and is as follows:

- Go to your nearest assigned application centre.
- Only one person per household (that is, the head of the household) will be required to apply by completing the questionnaire.
- Courteous, professional and helpful data collectors at the designated centres will gladly assist you in filling out the questionnaire.
- We intend to fully utilize the time allotted to the data gathering exercise to accommodate applications from all parties who are qualified.
- It is important for those wishing to apply to this Poverty Alleviation Programme to know that all persons collecting data have taken and are bound by oaths of confidentiality to safeguard the information collected. Your information will be protected and be treated in the strictest confidence.
- We ask that all applicants be honest and forthright in their responses.
