Weather Forecast Valid until 8am Tomorrow

Winds: East-southeast today then shifting to the east tonight at 9 to 15mph.

Seas: 1.2 to 1.5 metres or 4 to 5 feet.

Weather Forecast for St. Kitts & Nevis: Some moisture lingering in the atmosphere over the region this morning will maintain a high chance of showers. Later this afternoon and tonight a dry and stable airmass settling over the area will restrict shower activity.

Weather Today: Cloudy with a 70 percent or high chance of showers during the morning into the early part of the afternoon.

Weather Tonight: Partly cloudy with a 30 percent or low chance of showers.

Eastern Caribbean Forecast: Some low level moisture being advected into the region on the trade wind flow will maintain a high chance of showers during the morning from Puerto Rico east to the Leeward Islands and south to Trinidad and Tobago. A drier and more stable airmass settling over the area later this afternoon and tonight will keep the chance of showers low.
