Weather Forecast for St. Kitts & Nevis:

A weak moisture boundary along with a moderate windflow will affect the Leewards and the British Virgin Islands today and into tonight

Weather today: Mostly cloudy with a 60 percent or moderate chance of showers

Weather Tonight: Partly cloudy to cloudy with a 40 percent or moderate chance of brief showers

Eastern Caribbean Forecast: Moisture from an old frontal boundary will move over the Leewards and the British Virgin Islands today and cause skies over these islands to be generally partly cloudy to cloudy with a moderate chance of brief showers. Partly cloudy skies with a slight chance of a brief shower is expected over the Windwards and islands further south as a moderate windflow associated with a ridge of high pressure pushes some shallow cloud patches over these islands
