Weather Forecast Valid until 8am Tomorrow

Winds: Easterly at 14 to 20mph with some gusts mainly over coastal waters.

Seas: 1.5 metres or 5 feet.

Weather Forecast for St. Kitts & Nevis: High pressure and a steep pressure gradient will respectively maintain a stable atmosphere and moderate to fresh winds across the region.

Weather today: Partly sunny with a 20 percent or slight chance of showers.

Weather tonight: Partly cloudy with a 40 percent or moderate chance of a couple of light showers.

Eastern Caribbean Forecast: A surge of moisture across the extreme Southern Caribbean will heighten the chance of showers under mostly cloudy skies across Trinidad. Elsewhere across the Eastern Caribbean, high pressure and a relatively steep pressure gradient will respectively produce a stable atmosphere and moderate to fresh winds across Puerto Rico east to the Leeward Islands and south to Tobago. The chance of showers will be low across the islands during the morning while the chance of a couple of light showers will increase to moderate this afternoon.
