TO : Local Media
FROM : St. Kitt Nevis National Commission for Unesco
DATE : 2nd September 2019
SUBJECT : **Notice – International Literacy Day**

International Literacy Day as declared by the United Nations Educational, Scientific and Cultural Organisation (UNESCO) in 1996, is commemorated annually on September 08th. This year's theme is: **Literacy and Multilingualism**.

The St. Kitts Nevis National Commission for UNESCO solicits your assistance as media practitioners to inform about the importance of literacy to individuals and communities throughout the Federation. This can be done by:

1. Airing the International Literacy Day message prepared by, Ms. Audrey Azoulay the Director General of UNESCO. (Upon receipt of the message, it will be forwarded to you).
2. Discussing the importance of literacy to individuals and communities throughout the Federation during the daily talk shows on your radio station.

We thank you for your kind consideration in honouring our request and we look forward for future collaboration.

Regards

Dorothy Warner (Ms.)
Secretary General
St. Kitts Nevis National Commission for UNESCO
