Weather Forecast for St. Kitts & Nevis:

Weather today & tonight: Mostly cloudy mixed with periods of showers and light rain and a slight chance of thunderstorms.

Eastern Caribbean Forecast: A lingering shearline will result in unsettled weather conditions across Trinidad and Tobago today. Meanwhile, a pre-frontal trough moving into the northeast Caribbean will generate some unsettled weather for this area. Cloudy skies with periodic showers and a slight chance of thunderstorms are anticipated across some parts over the next 24 hours. Elsewhere across the Eastern Caribbean, high pressure will dominate weather conditions and at most, a moderate chance of showers is expected.
