Sunrise: Tom 6:42 am

Sunset: Today 6:07 pm

Weather Forecast Valid until 8am Tomorrow

Winds: East with speeds ranging between 7 to 16mph, becoming light and variable mainly overnight.

Seas: not exceeding 1.5 metres or 5 feet.

Weather Forecast for St. Kitts & Nevis:

Weather today: Generally settled conditions will persist across the area over the next 24 hours as high pressure is the dominant feature and very low moisture levels will restrict shower activity.

Weather today: Mostly sunny

Weather tonight: Mostly fair.

Eastern Caribbean Forecast: Generally settled conditions will persist across the Eastern Caribbean over the next 24 hours as high pressure is the dominant weather feature. Notwithstanding, spotty morning showers could develop across the northern Windward islands resulting from moisture interacting with local effects; however, moisture levels are low therefore only light showers are anticipated.
