**Weather tonight:** Partly cloudy with a 40 percent or a moderate chance of showers.

**Eastern Caribbean Forecast:** A weak low level trough in the vicinity of the Virgin Islands is the dominant feature. This could heighten the chances for cloudiness and showers over the next twenty four hours. Skies therefore across Puerto Rico, the Virgin Islands and portions of the Leeward Islands could be partly cloudy, becoming cloudy at times with a moderate chance of showers. Meanwhile the rest of the region could experience partly cloudy skies with a moderate chance of brief passing showers.
