

Job Opportunity for MARINE PILOT

The St. Christopher Air and Sea Ports Authority (SCASPA) is seeking applicants from suitably qualified, proactive, and professional persons to fill the position of Marine Pilot as we continue to build a culture of excellence.

Job Summary

To ensure the delivery of efficient and effective marine services in accordance with established local and international codes, rules, and regulations.

Job Requirements

1. A Minimum of 4 O'Levels to include Mathematics, English and Geography.
2. Certification in Basic Seamanship
3. A minimum of 3 years' experience in any Maritime field.
4. Relevant navigational/nautical exposure.
5. Basic Boat-handling experience.
6. Must be computer literate
7. Must be fully vaccinated against the Covid 19 Virus.

Remuneration commensurate with experience and qualifications.

Key Duties and Responsibilities

- To ensure the safe movement and berthing of vessels within the harbour in accordance with the relevant Maritime programs and safety procedures.
- To assist the marine team in ensuring the readiness/worthiness of all marine facilities for operations.
- To assist the team in ensuring the efficient maintenance of equipment/navigational aids to meet operational demands.
- Demonstrate exceptional customer service etiquette to internal and external customers and stakeholders.
